FAYDER ARROYO

SOLUTIONS ARCHITECT & ANALYTICS ENGINEER

INDUSTRIAL ENGINEER · DATA ANALYTICS SPECIALIST · BILINGUAL (ENGLISH C1)

🔗 fayderarroyo.github.io/CV-Website (Portfolio & Live Demos)

Professional Profile: Bilingual (**English C1**) Industrial Engineer and Data Analytics Specialist with over 10 years of experience bridging business strategy and technology engineering. Expert in designing and deploying end-to-end data architectures: automated ETL pipelines, cloud relational modeling (PostgreSQL/Supabase), and interactive analytics platforms (Power BI, Python, Next.js). Proven track record leading operational teams, streamlining complex manufacturing and supply chain processes, and delivering scalable software platforms focused on measurable operational efficiency, massive report turnaround reduction, and financial data control.

🎓 EDUCATION

Postgrad Specialization in Data & Information Analytics
Comfenalco University Foundation (2026)

🏆 **Meritorious Thesis Award (4.8/5.0) - Res. 048 (Deceuninck S.A.S.)**

B.S. in Industrial Engineering
Comfenalco University Foundation (2020)

Associate Degree in Quality Control
Comfenalco Technological Institute (2018)

Associate Degree in Information Systems
SENA (2012)

💡 CORE COMPETENCIES & STACK

📊 BI & DATA ENGINEERING
- Power BI (Advanced DAX)
- Advanced SQL (PostgreSQL)
- Cloud ETL / ELT Pipelines
- Power Query & Dataflows

⚙️ CLOUD & FULL-STACK
- Next.js (React) & Node.js
- Supabase & PostgreSQL
- FastAPI (Python) & REST
- Vercel, Git & CI/CD

🤖 DATA SCIENCE & ML
- Python (Pandas, Scikit)
- Forecasting (Prophet)
- XGBoost & Causal Modeling
- ABC Classification & Demand

🎯 BUSINESS & OPERATIONS
- Supply Chain & Logistics
- Financial & HR Data Audits
- Metrics (SLA, NPS, OEE)
- Oracle NetSuite ERP

💼 PROFESSIONAL EXPERIENCE & CONSULTING

Tech Lead & Data Solutions Architect
Bioger S.A.S. (OrganiSaaS & Nexo Ecosystem)
Jan 2026 - Present | Hybrid / Cartagena

- Architected and deployed a multi-tenant cloud platform (Next.js, Supabase, Vercel) for operational control and human capital analytics.
- Audited and cross-reconciled large-scale financial and payroll datasets totaling **+$17B COP**, pinpointing statutory discrepancies and social security variances.
- Engineered real-time dynamic organizational charts, employee performance evaluation pipelines, and climate survey dashboards.

Process Automation & AI-ATS Consultant
FEPCO S.A.S.
Jul 2026 - Present | Remote / Cartagena

- Built and deployed to production in Vercel **Nexo FEPCO Contratación**: enterprise ATS with AI engine for candidate pre-filtering, medical exam tracking, and hiring pipelines.
- Designed the **Nexo Maintenance** module, integrating GLPI incident records and industrial safety cards for operational field oversight.

BI & Data Analyst (International Remote)
Fox Ordering
Jan 2026 - Apr 2026 | Remote (US / Latam)

- Modeled and extracted massive relational databases using SQL to pinpoint operational bottlenecks and supply chain inefficiencies.
- Engineered executive-level KPI dashboards tracking critical operational metrics (delivery SLA, NPS, churn, and cycle times).

Data Analyst & Market Research
Corporación Unificada Nacional (CUN)
Feb 2026 - Aug 2026 | Hybrid

- Executed quantitative/qualitative research and multi-source statistical modeling to drive institutional strategy.
- Developed interactive prospecting and enrollment intelligence dashboards.

💼 OPERATIONAL LEADERSHIP & EARLIER TRAJECTORY

Tech Innovation & BI Advisor
IPS SYSO Empresarial S.A.S. | Sep 2025 - Dec 2025

- Led digital transformation of medical/operational data; integrated clinical datasets (RIPS) and deployed Power BI/Looker Studio dashboards.

Financial Planning & Data Analyst
Molinos 3 Castillos | Apr 2024 - Sep 2025

- Automated financial data pipelines using Power Query and Power BI, saving days of manual effort in budget forecasts and cash flow tracking.

Operations & Process Efficiency Supervisor (9 years)
CREDI JAMAR S.A. | 2015 - 2024

- Directly managed high-performance field and operational teams (up to 7 specialists) driving credit recovery, SLAs, and productivity KPIs.
- Designed and deployed the operation's first automated Power BI dashboard, **reducing reporting and processing cycle time from 4 hours to just 25 minutes**.
- Optimized field service routing and resource dispatching based on geospatial data and territory effectiveness models.

Senior Credit Risk & Portfolio Analyst (6.5 years)
CREDI JAMAR S.A. | 2008 - 2014

- Monitored high-volume delinquent debt portfolios, audited credit underwriting standards, and modeled default risk mitigation patterns.

🚀 FEATURED PROJECTS & DEPLOYED ANALYTICS PLATFORMS

Supply Chain Analytics & ETL Platform — Deceuninck Colombia SAS — FastAPI · PostgreSQL · React

Meritorious Postgraduate Thesis (Unanimous 4.8/5.0 - Res. 048). Migrated legacy Excel/VBA spreadsheets to modern cloud architecture for multinational manufacturer. Automated ETL pipelines, ABC inventory classification, demand diagnostics, and customs tracking in real time.

Revenue Management Command Center — Predictive & Prescriptive Analytics — Streamlit · XGBoost · Prophet

B2B simulation and decision-making platform for price and margin optimization. Modeled causal price elasticity (-2.08) and seasonal demand forecasting, mitigating financial exposure by $797M COP. Live: *tableroestrategicofinanciero.streamlit.app*.

SG-SST Command Center & Web Portal — Sdavila Grupo Asesores — Vite · React · Supabase

Architected and deployed corporate web platform and client management portal for occupational health, regulatory compliance, and SG-SST documentation workflows. Live: *sdavilagrupoasesores.com*.

PharmaLife BI & Commercial Forecasting Dashboard — Streamlit · Python · OLS Model

Executive BI and forecasting platform for pharmaceutical distribution. Features econometric elasticity modeling, demand forecasting, and interactive commercial performance KPIs. Live: *ventaspharmalife.streamlit.app*.

📜 CERTIFICATIONS & CONTINUOUS LEARNING

Postgrad in Data Analytics (Summa Cum Laude 4.8)
Comfenalco University (2026)

Data Analytics & Business Intelligence
UTB - MinTIC (2024)

Microsoft Power BI Specialist
Catalonia University (2021)

Project Formulation & Management
Comfenalco University (2021)

Applied Statistics for Business
Catalonia University (2021)

Data Engineer & AI Career Track
Platzi (Python, Scikit-Learn, SQL)
